SUBJECT: IRAN'S NUCLEAR CONFERENCE--PRESSING INDONESIA NOT
TO ATTEND

REF: STATE 122464

Classified By: Pol/C Joseph L. Novak, reasons 1.4(b+d).

¶1. (C) SUMMARY: Mission has reviewed reftel points regarding the upcoming Iran nuclear conference with key GOI contacts. We urged the GOI not to participate. Indonesian officials said they were unaware of the conference, but promised to review USG views on the matter. END SUMMARY.

¶2. (C) On November 19, Poloff delivered reftel points to Andy Rachmianto, Deputy Director for International Security and Disarmament Affairs at the Department of Foreign Affairs (DEPLU). Poloff underscored that Iran continued to defy UN Security Council resolutions regarding its nuclear program and that Iran still had not complied fully with IAEA requirements. Poloff urged the Indonesian government not to participate in the November 30 conference on "Nuclear Power Plants, Environmental and Sustainable Development" in Iran. Given Iran's continued defiance of nonproliferation norms, the international community should not send any signals that might lend legitimacy to Iran on the nuclear front.

¶3. (C) Rachmianto responded that he was unaware of the Iranian conference. He said he would look into the matter and promised to review USG views on the subject.

¶4. (SBU) Econoff also raised the conference with the GOI's Directorate General for Electric Power, the authority within the Ministry of Energy and Mineral Resources responsible for nuclear power. They were similarly unaware of the Iranian conference.
